

# ENV 440: AGRICULTURE & THE ENVIRONMENT

<https://www.whminer.org/course/env-440-agriculture-the-environment>

For more information, contact Dr.  
Ed Romanowicz at SUNY -  
[cees@plattsburgh.edu](mailto:cees@plattsburgh.edu)  
or Stephen Kramer at Miner  
Institute - [kramer@whminer.com](mailto:kramer@whminer.com)

Agriculture & the Environment is taught in a full-day course format on Fridays during the fall semester at Miner Institute in Chazy. This allows for the integration of lecture with hands-on learning in indoor and outdoor labs.

The class features:

- Visits to a variety of regional farms
- Cropping, Soil fertility
- Milk, milk products (mozzarella cheese)
- CAFO regulations
- Value-added farming production
