

The SUNY Plattsburgh Institute for Ethics in Public Life presents
“Artificial Intelligence and War”

Apr. 9 (W) at 3:30 in person or on Zoom (see below)

In recent years there has been a big spike in efforts to use AI for military purposes. There has been much less examination of whether AI should be used for waging war, and under what circumstances.

To better understand that question, we will discuss the various ways that AI is or could be used for military purposes, and the ethical implications of these different uses.

Please join us as we discuss this important topic. This forum is an opportunity for students, faculty, administrators, staff, alumni, and community members to come together and learn about this issue.

Join us in person in Hawkins 233 (the Institute offices) or
on Zoom at <https://plattsburgh.zoom.us/j/86597205582>
