

The SUNY Plattsburgh Institute for Ethics in Public Life presents
“Mental Health and Civic Responsibility”

Sep. 10 (W) at 3:30 in person or on Zoom (see below)

The United States is currently suffering from a mental health crisis, and current trends are not good. There are already not enough mental health professionals to meet current demand, so the problem is likely to get worse.

What is causing the long term increase in mental illness? What can be done about it? What should we be doing as a society to provide better help and support to those suffering from mental illness?

We welcome special guests James Norton '13, Government and Community Affairs Manager for National Alliance on Mental Illness (NAMI) New York, and Theresa Bennett, Board President of NAMI Champlaine Valley, to help us understand this important topic. This forum is an opportunity for students, faculty, administrators, staff, alumni, and community members to come together and discuss this issue.

Join us in person in Hawkins 233 (the Institute offices) or
on Zoom at <https://plattsburgh.zoom.us/j/83513472861>

The Institute for Ethics in Public Life is generously supported by gifts to the
Plattsburgh College Foundation.
